Petition by Commissioners  
to Amend Division Boundaries

COME NOW the Commissioners of Daly Ditches Irrigation District, through their attorney Richard A. Weber, and for their Petition state:

1. Daly Ditches Irrigation District ("District") is divided into five (5) divisions, the boundaries of which were determined in Findings, Conclusions, Order, and Decree entered by this court on December 21, 1982.

2. Significant changes have occurred within those divisions. The number of members and the number of tracts of land have increased significantly in some divisions within the District.

3. The Commissioners believe that it will benefit the District and all members within the District to amend the boundaries of the divisions within the District to more equally apportion the number of users and tracts among those divisions. This will result in a more nearly equal representation of all members by their elected Commissioner.
